## Navy Plane Crashes Into Airliner; 16 Die

### Witness Says Small Plane Was Stunting

Fort Dix, N. J., July 30—(AP)—Sixteen persons were killed today as a Memphis-bound airliner was chopped apart in the New Jersey skies by what witnesses described as a stunting navy fighter plane.

The airliner's left wing and tail were torn off, and the crippled Eastern Airlines DC-3 whirled into a farm pasture and burst into a wall of flame. The navy plane burrowed into the ground two miles away.

The charred bodies of twelve passengers and three crew members were strewn throughout the wreckage of the airliner. The pilot of the navy plane was found dead in a field beside an unopened parachute.

Two Witnesses See Disaster  
State police said they had reports from two witnesses who saw the two planes tangle high in the sky over the Fort Dix military reservation.

One was a pilot of a Piper Cub who said the navy fighter had buzzed his little craft and "dood me on my right wing for an instant" just before zooming into the airliner.

"The small plane appeared to strike the airliner on the left side just after the left wing," the Piper Cub pilot, George Humphries of Fair Haven, told investigators.

"Parts of the airplane were all over the sky, and I feared to my right. I saw the aircraft strike the ground amid a cloud of dust and flames."

Another witness, farmer Harry Miller, said he saw the fighter plane take the tail off the airliner and send it into a spin.

Wing Falls Off  
"The big plane took three turns and then the wing fell off," he said. Pilots of two other commercial planes complained later at Miami that their airliners also had been "buzzed" by navy aircraft while flying over the New Jersey area today.

A National Air Lines pilot said three navy craft had swerved in front of his plane two-and-a-half hours before the fatal crash. Another Eastern Airlines pilot said his plane had been buzzed at about that same hour some 25 miles from Fort Dix. Both statements were made in the pilots' reports to their airlines.

The dead were taken from the scattered wreckage tonight and placed in three funeral homes throughout this rural area. State police said that most of the dead were burned beyond recognition.

Included among the casualties was Howard Sanderson Le Roy, of Washington, D. C., a past president of Rotary International.

## U. S. Chiefs Of Staff Begin Tour Of Europe

Frankfurt, Germany, July 30—(AP)—The United States military chiefs of staff flew in from Washington today for a get-acquainted survey of western Europe's defenses.

Top-secret conferences with officers of Italy and Luxembourg and with American military leaders in Germany are docketed Monday. The party—including Gen. Omar N. Bradley, air force commander in Germany, and Gen. H. H. Arnold, chief of staff of the army—has a dual mission on its 10-day tour:

1—To discuss the proposed military organization provided by the 12-nation North Atlantic treaty.

2—To make a first-hand study of American troops in Europe, the bulk of whom are concentrated in western Germany.

The chiefs arrived this afternoon in President Truman's personal plane, the Independence. They will move on next week to London, Paris and Vienna for conferences with military leaders of the pact nations.

They will confer here with John T. McCloy, the American military governor; also the army, navy and air force commanders in Germany and the Luxembourg and Italian military representatives, who have not been identified. They may take time out for a quick flight to Berlin.

Denfeld told reporters there would be no talk about military aid. President Truman's proposal for the appropriation of \$1,145,000,000 to arm friendly nations is before congress.

Attlee Defends Labor Government  
The governor will fly to camp McCoy tomorrow morning from Chicago to make his first formal inspection of the troops and review the parade of 9,000 officers and enlisted men.

Say Administration Working To Reduce Arms Aid Program  
Washington, July 30—(AP)—The administration was reported working today on a proposal to reduce the size and scope of President Truman's \$1,145,000,000 foreign arms program.

This revision may turn up later in the form of a Democratic compromise after congressional committees have completed hearings.

The state department, however, denied there had been any such compromise or that it was considering any.

If it follows suggestions made by influential members of congress, the compromise may:

1. Reduce the proposed overall cash outlay to about \$700,000,000.

## Amethyst Escapes Yangtze Under Fire By Red Shore Guns

London, July 30—(AP)—The British sloop Amethyst has escaped down the Yangtze river under the fire of Chinese Communist shore batteries and rejoined the fleet without suffering damage or casualties, the admiralty proudly announced tonight.

The escape took place Friday, the admiralty said. A signal received from the Amethyst said: "Rejoined the fleet. No damage or casualties. God save the King."

The Amethyst was fired on at least twice in her downriver run to safety, the admiralty said.

The Amethyst has been at anchor in the Yangtze since last April 20, when she was shelled by Chinese Communist shore batteries and ran aground on Rose Island, 60 miles downstream from Nanking.

This was before the fall of Nanking to the Communists. At that time British casualties aboard the 1,490-ton Amethyst included 17 dead and 20 wounded.

Normally the Amethyst carries 192 men but only 86 were aboard when the sloop made its dash to freedom.

Ford Tells Union That Strikers Will Be Out Long Time  
Detroit, July 30—(AP)—Ford told its 108,000 production workers today they are likely to be out "a long time" if they carry out their strike threat.

The warning was in a company publication urging all 80,000 Michigan Ford workers to vote "no" in a state-conducted strike poll starting a week from Monday.

The CIO United Auto Workers countered with a charge that Ford is trying to "scare" and "threaten" its employees.

Granting the UAW's pension, insurance and wage demands would "raise labor costs, and this would 'boomerang' swiftly," said the Ford house organ "rouge news" in a page one editorial.

"Increased costs now mean increased prices, and increased prices mean fewer sales," the editorial continued. "That means fewer jobs."

This brought the retort from the UAW. The Ford management, said the union, is "trying to scare Ford workers by saying granting of demands for old age and health security and wage increases would threaten their job security."

At the same time UAW President Walter Reuther called Ford's hold-the-line wage policy "upside-down economics."

Reuther accused Ford of trying to "threaten its employees with layoffs if they vote to support their union and go back up their just and legitimate demands."

## Ex-Red Says Russia Used U.N. To Get Spies Into U.S.

### Congress Starts 'Overtime' Next Week; Some Think It Is Illegal

Washington, July 30—(AP)—Congress goes into extra innings next week, and some members who think it isn't legal are getting ready to blow the whistle.

Some republicans say a cloud of uncertainty may hang over any bills enacted hereafter.

The claim that action taken after July 31 is invalid grows out of the 1946 Congressional Reorganization Act which says that, except in time of war or national emergency, congress shall adjourn not later than July 31 unless it orders otherwise.

It hasn't ordered otherwise, but is going ahead with business anyway, perhaps through August or later.

Congressional leaders have decreed that the 1946 adjournment deadline is not operative this year because the United States legally still is at war, and the emergency proclaimed by the president have not been ended.

The war, they held, technically does not end until the peace treaties are signed, and the wartime emergency periods continue until specifically ended.

Republicans led by House GOP Leader Martin of Massachusetts think the war and national emergency argument is "flimsy," and have tried to get action on a resolution extending the session.

Martin told newsmen he would not be surprised to see the validity of any major bill enacted after July 31 challenged on the ground congress is not legally in session. He when asked about the adjournment outlook.

### Eisler's Sister Makes Statement

Washington, July 30—(AP) Testimony of a self-described former Communist that Russia has used the United Nations to "reinforce" her spies in this country was made public tonight by a senate judiciary subcommittee.

The statement was made by Mrs. Ruth Fischer of New York City, a sister of Gerhart Eisler, the Communist leader who jumped bond and skipped the country after being convicted of passport fraud.

Mrs. Fischer testified behind closed doors at a meeting of the senate committee on May 10. She said she once was a leading member of the German Communist party but broke with the Communists in 1926 and became a United States citizen in 1947. She testified against Eisler at his trial.

His In Diplomatic Positions  
In her hitherto secret testimony, she said that Soviet intelligence agents are hidden in the various Russian diplomatic, trade and other delegations that come to this country.

Ostensibly, she said, they are assigned to some routine functions but their "real job is to report on various phases of American society to Moscow headquarters."

"Recently this corps has been reinforced by the UN delegations of Russia and her satellites," Mrs. Fischer said.

She also testified that a French woman whom she described as "highly dangerous" had gained admittance to the United States because her organization was recognized by the United Nations.

Only a week ago the senate committee made public secret testimony of an unidentified "witness No. 8" charging that the U.N. secretariat headed by Lie is terrorized by Communist agents.

"The Nuttiest Story"  
Byron Price, acting secretary general of the U.N. in the absence of Lie, called the anonymous testimony "the nuttiest story" he had heard and filed an official protest with Secretary of State Acheson.

The committee, under the chairmanship of Senator McCarran (D-Nev.), is holding hearings on a bill of his that would arm the government with new powers to block the entry of subversive aliens or force their deportation.

Mrs. Fischer identified the French woman to whom she referred as Marie-Claude Vaillant-Couturier, general secretary of the women's international Democratic federation, with headquarters in Paris.

The organization is "the principal Stalinist front in the women's field," Mrs. Fischer testified, and in the United States "has links to not only its affiliates, the congress of American women, but the progressive youth of America."

At Lake Success the U.N. department of public information issued a statement saying that neither Lie nor any member of his staff has any voice in granting consultative status to non-governmental organizations.

### Stevenson Meets Kennelly, Doesn't Talk Of City Aid

Chicago, July 30—(AP)—Mayor Kennelly of Chicago and Gov. Stevenson met informally today, and the mayor said the meeting was friendly.

The two had been reported feuding over the question of state aid to cities, with Kennelly taking the position that state aid is not sufficient, and Gov. Stevenson blaming the legislature for not supplying enough money.

Kennelly said today's meeting was arranged at the governor's request. They did not discuss aid to cities, but Kennelly intimated that it will be talked over at another meeting "possibly next week."

The subject of today's meeting was not disclosed. The governor was en route to Camp McCoy, Wis., where Illinois national guardsmen are under going their annual training.

Hope Atomic Talks Will Close Splits In Truman Party  
Washington, July 30—(AP)—Administration officials expressed hope today that forthcoming atomic policy talks will (1) close some troublesome splits in President Truman's official family and (2) improve relations with Britain and Canada.

The difficulties have not soured general relations among the three governments but on atomic issues they have not been good for long periods since the war. A result is that today the United States and Britain particularly may be duped into costly work for lack of more information exchange.

This is one difficulty that has concerned high officials in both countries. In this country, it is reported to have brought sharp differences of opinion within the atomic energy commission. These concern the amount of information that might be given Britain or Canada. Some advisers attribute these clashes to differing interpretations of the atomic law's secrecy rules.

HE MUST BE A CLERK IN A CLOTHES SHOP  
Indianapolis, July 30—(AP)—Police ought to be able to find this robber. John Johnson gave this description of a man he said robbed him of \$52.50:

Height—Six feet five inches. Weight—250 pounds. Clothing—Green pants, black shirt, gray coat.

Distinguishing mark—A diamond set in a gold front tooth.

CELEBRATE 'DANVILLE DAY'  
Chicago, July 30—(AP)—Next Monday has been designated as "Danville Day," honoring Danville, Ill., at the Chicago railroad fair, fair officials announced today.

### Reds Hit Decree Banning Catholics From Communism

Moscow, July 30—(AP)—Pravda said today Pope Pius XII has "anathematized" about one-third of humanity in his move to draw a sharp line between Catholicism and communism.

"According to the exact meaning of the Vatican's order," the Communist party newspaper said, "70,000,000 members of trade unions in the (Communist-led) world federation of labor and 600,000,000 persons whose delegates met with Communists in the 'Paris' world congress of peace proponents are subject to excommunication."

"Moreover, excommunication threatens every citizen of any country whose government contains Communists, for carrying out the instructions of that government."

Anathematized means cursed or falling under a ban.

Roman Catholics who are militant Communists were the primary targets of the Vatican decree. They were ordered out of the sacraments of the church and the society of faithful members. Support of communism also was barred. About 50,000,000 of the 330,000,000 Roman Catholics in the world live behind the iron curtain. Pravda's estimate obviously takes in persons of other faiths.

"The Pope desires to participate in politics and to interfere in internal affairs, particularly in those countries where the people have taken over power," Pravda said.

Vatican sources previously have denied this charge made by Communist spokesmen in western Europe soon after the decree was disclosed July 13.)

The controlled press of neighboring Czechoslovakia continued its attacks on Pope Pius and declared again that "loyal" Catholics are supporting the Communist government in the nation's church-state fight. About three-fourths of the 12,000,000 population are Catholics.

### Germans Hit West, Ignore East In Hot Political Campaign

Frankfurt, Germany, July 30—(AP)—West German political leaders are abusing the western allies and almost ignoring the communists in their drive for votes in the Aug. 14 elections.

Charges of deceit and arrogance of greed and repression are hurled at the United States, France and Britain.

Candidates center their fire on the allies' security program, intended to prevent future German aggression. Singled out for attacks are the dismantling of German factories which produced war materials, the International Ruhr Authority and the Military Security Board. The issues of Germany's territorial losses in the east and west also are raised.

In effect the Germans are serving notice that the anti-communist parties will present a solid front against many of the allies' basic policies when the German federal republic is formed.

### Takes Off Roof, The Rain Comes In

Oklahoma City, July 30—(AP)—It looked like the perfect time to replace the roof. T. J. Tash decided. Hadn't the weatherman called for hot, dry weather? And there had been no rain in a month.

Off came the roof yesterday. The Tash family went to bed under the stars, knowing they'd have a new roof over its head the next day.

Then came a violent wind storm—and one inch of rain.

SINGER, HUBBY SEPARATE  
Hollywood, July 30—(AP)—Ginger Rogers, 31, and her husband Jack Briggs, 29, have separated after six years of marriage.

Ginger's studio acknowledged a report that she and Briggs parted company last night.

Chinese Employes Continue Blockade Of U. S. Consulate  
Shanghai, July 30—(AP)—A lock-in of three United States consular officials by about 150 former employes of the U.S. Navy continued into its second night tonight with no immediate change in the situation in sight.

The former employes, mostly Chinese but including a sprinkling of Indians and white Russians, are demanding additional pay and severance allowances equal to six and one-half months' pay.

Those blockaded in the consulate are Walter McConaughy, acting consul-general; Cmdr. Morgan Slayton, naval attaché and Reuben Thomas administrative attaché.

The other Americans attached to the consulate, plus a number of Chinese, had to stay in the building Friday night, but were able to leave later. They were permitted to come and go today, but only essential personnel reported for work lest another general lock-in develop.

### Doctor Who Took Out Own Appendix Is Feeling Fine

Telluride, Colo., July 30—(AP)—Dr. George C. Balderston took out his own appendix last Sunday and was feeling fine today despite the burden of caring for his patients.

The day after the operation, Dr. Balderston got up, treated a boy for a back injury and took care of several other persons. He performed three tonsillectomies Thursday and was called from bed at 2 a.m. yesterday for a house call.

He saw 20 patients yesterday. He has been driving his car since Thursday.

Dr. Balderston performed the unusual operation as an experiment to get a first-hand reaction to local anesthesia and post-operative effects. He said he had proved a patient ought to get right back on his feet after surgery.

### Probe Of Bombers To Begin August 9 Says House Group

Washington, July 30—(AP)—The House armed services committee's long-heralded investigation of the B-36 bomber begins August 9 with its first public hearing, Chairman Vinson (D-Ga.) announced today.

The committee also is free to inquire into national defense policies on strategic use of air power.

Among the first witnesses, Vinson added, will be Robert A. Lovett and Floyd Odom. The latter controls the Consolidated Vultee Aircraft Corp., maker of the controversial six-engine B-36.

Lovett, now back in private life as a New York banker, was assistant secretary of war for air during World War II. He became under-secretary of state after the war, and resigned in January this year when General George C. Marshall resigned as secretary.

Vinson said the committee's special counsel, Joseph B. Keenan, and his staff have been assembling information several weeks.

### ASPHALT TANK BLAST INJURES 2 PERSONS

Wheaton, Ill., July 30—(AP)—A 200-gallon, portable asphalt heating tank exploded in downtown Wheaton today, injuring two persons and shattering nearby windows.

Walter Weineke, 40, of nearby Warrenville, suffered broken bones in his left foot as a result of falling debris. A 10-year-old Wheaton boy, Edward Bates, was burned by the asphalt.

Wheaton is about 25 miles west of downtown Chicago.

### EXPECT GREAT-GRANDCHILD

Portland, Ore., July 30—(AP)—The birth of the first great-grandchild of the late President Roosevelt is expected next week. Van H. Sea, graves, husband of the former Eleanor (Sister) Dahl, disclosed his wife expected to enter a hospital here "sometime" next week for the birth.

### Will Swim Channel Naked Because Suit Would Chafe Skin

Dover, Eng., July 30—(AP)—Pretty Shirley May France reached the white cliffs of Dover tonight and her coach disclosed why she'll try swimming the English channel in the nude.

A bathing suit, said Coach Harry Boudakian, might chafe her skin. The curvaceous American 16-year-old will try to beat Gertrude Ederle's record of 14 hours, 34 minutes for the 20 miles from Cap Gris Nez, France, to Dover.

"This is it," Shirley May said on her first glimpse of the channel. Backed by American big business and a staff that includes a press agent, the teen-ager from Somerset, Mass., will tackle Miss Ederle's 23-year-old record in another week or two, as weather and tides permit.

"I suggested that Shirley dive in nude because a suit will rub off the layers of grease used to protect her from the cold water," said Coach Boudakian. "With the grease gone, a garment would tend to chafe her tender skin."

### Girl, 16, Acquitted Of Killing Father, Reported Missing

Los Angeles, July 30—(AP)—Police are seeking Mary Catherine Reardon, 16, formerly of St. Louis, acquitted in the 1947 slaying of her father.

She is believed to have eloped with Gabriel Garcia, 18, of Los Angeles. Her mother, Mrs. Leona Reardon filed a missing person report with police July 23.

J. Vincent Reardon, St. Louis paint manufacturer, was shot and killed Feb. 8, 1947 as he was driving Mary and a boy friend home from a tourist camp where Reardon had found the children.

The boy later died of injuries suffered when the car went out of control and crashed.

Mary first confessed the shooting and was tried on a charge of delinquency by reason of murder. In a dramatic moment during the trial it was disclosed that she had been shot also, and it was stated in court that she suffered the wound while defending her father from the boy.

## HOW ABOUT 'LONGEST TRIAL'?

A reporter noted that a certain woman who testified in the New York trial of 11 Communist leaders was the "tallest witness" yet to appear on the stand.

It's that kind of a case. Inevitably, one of these days there'll be a report on the "shortest witness" and then perhaps "the first witness with a goatee," and so on.

The trial has run six months now and forecasts are for another half year. So it wouldn't be too upsetting if some enterprising merchant should offer a handsome door prize to the first spectator through the courtroom portals on the 250th day of the proceedings.

## LEOPOLD'S TERM

Nathan Leopold hopes that Governor Stevenson will let him leave the penitentiary this year. On Sept. 11 it will be 25 years since Leopold was sent up for the murder of Bobby Franks.

The case for clemency is founded on the assertion that Leopold has been a good prisoner who served usefully in the educational system at the prison and allowed himself to be inoculated with malaria for experimental purposes during the war. Many of the other prisoners who participated in the experiments have been rewarded with a shortening of their terms.

The argument, however, overlooks the plain fact that Leopold has already received clemency. He committed an atrocious murder as has ever been recorded in the state. He could have been and should have been executed for it 25 years ago. There is and there can be no assurance that the same mysterious forces which made a murderer of him 25 years ago will not lead him, at 44, to another crime if his freedom is restored.

Whether Leopold's imprisonment is regarded as punishment for him, as a safeguard to society against a repetition of his crime, or as a warning to potential murderers, no good can be served by releasing him.

## WHO SHOULD FOOT CAMPAIGN BILLS?

Should the U. S. Treasury pay for our presidential election campaigns?

Senator Lodge of Massachusetts thinks so and has introduced a resolution for that purpose.

The theory is that our present system of private financing weighs a winning candidate down with too many commitments. The President has to grant favors in return for favors received.

Thus when a new man takes office, he has to dispense many of his choicest plums to the men who drew their checkbooks from their pockets most regularly.

Soon afterward a scanning of passenger lists for European and other foreign liners shows a liberal sprinkling of new American diplomats, who naturally just happen to have been heavy campaign contributors.

There is no question that merit would be a much bigger factor in presidential appointments were it not for campaign obligations.

Private financing is a headache for another reason, too. The need for radio and television time is making campaigns steadily more expensive; and adequate funds are increasingly difficult to scrape up.

In principle the Lodge proposal sounds good, at least at first glance. But some tough questions come to mind.

Who gets the money? Just the two major parties, or minor ones as well? If some of the latter, who decides which shall be included?

Offhand, any discrimination at this point would appear hard to justify in a democracy that professes to keep the door open always for new ideas, new policies, new parties. Democracy can't be a closed corporation.

Furthermore, would there be any government control over how the money should be spent by the parties? Edward J. Flynn, Democratic leader in New York's Bronx, points out that much campaign money is wasted.

But any control to prevent waste might in time turn out to be control for control's sake. Control of a political party's spending would mean an end to free elections.

Other objections have been raised but these are the big ones. For all its apparent surface merit, the Lodge proposal is unlikely to get far unless its supporters can show the free working of America's democratic election system.

## THE DOCTOR SAYS

### Flat Feet Often Cause More Leg Than Feet Pain

By EDWIN P. JORDAN, M. D.  
Written for NEA Service

One of the common causes for pains in the legs is foot trouble, particularly flat feet. When the arches have collapsed and are flat, the strains appear. These strains are sometimes felt in the feet, but sometimes also they act on the muscles or joints of the legs and cause pain in these areas more than in the feet themselves.

Pain of such origin should, of course, be treated by correcting the foot trouble. This usually involves more than just wearing a pad or support. Physicians or chiropodists are often able to correct the difficulty so that the pains in the legs will disappear.

Another type of pain in the legs is one which comes on in the calf muscles after walking a few blocks rapidly or climbing stairs. This condition goes under the name of intermittent claudication. It is caused by insufficient supply of blood to the muscles usually because of hardening of the arteries in the legs.

Avoid Too Much Exercise  
During rest the circulation is adequate but exercise increases the need for blood. This condition always requires the advice of a doctor as it may be a sign of hardening of the arteries. A person with this kind of pain should avoid taking so much exercise that it brings on the pain.

Quite a lot of people complain of pains in the legs which occur at night only and which may even wake them up from a sound sleep. This is a puzzling condition but it is probably connected somehow with

the circulation of the blood in the legs.

People with this symptom often say that if they get up and walk around for a short time the pain or cramps will disappear.

Neuritis or sciatica can also cause leg pains. Other diseases of the circulation, such as Buerger's disease, are possibilities.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

## THE DOCTOR ANSWERS

By EDWIN P. JORDAN, M. D.  
Question: What causes dryness around the ears? Is it lack of some vitamin?

Answer: This condition is unlikely to be caused by a vitamin lack and something else is much more probable, such as an irritant with which the skin comes in contact.

## Tommy Dorsey Tells Of Five Years On The Wagon

By BOB THOMAS

Hollywood—(P)—Tommy Dorsey recently heard a report of a Hollywood know-it-all who remarked: "Too bad Tommy's hitting the bottle again."

The bandleader, who hears about such comments ever so often, merely smiles and chalks it up to the usual trade misinformation. He will soon mark his fifth year on the wagon.

Dorsey relaxed in the sun outside his hotel cabana and told me how it all happened.

"It was five years ago next month," he related. "I was sitting in Mocambo with a bunch of friends, getting loaded. I looked up at the birds flying back and forth and I realized how silly the whole thing was."

"I walked out of the place, went up to my apartment and slept for a day and a half. That was in 1944 and I haven't had a drink since."

Made A \$500 Bet

A few days later he called his manager, Arthur Michoud. "Where've you been?" Dorsey asked.

"Frankly, Tommy, I've been ducking you," was the answer. "That booze is making you a hard man to get along with."

Tommy made a deal; \$500 if he could stay on the wagon six months.

Not long ago Dorsey tore up Michoud's check for \$1,500, payment for 18 drinkless months.

"I figure me and liquor don't get along," he said. "Certainly I couldn't do the amount of work I do if I drank."

What about the incident on the balcony some years ago, when Jon Hall's nose was almost sliced off?

No Time For Relaxation

"That probably wouldn't have happened if we all had our wits about us," he admitted.

Dorsey said it was associations that put him on the drinking jag. "Back in the days when we were playing with Paul Whiteman," he recalled, "we worked hard. We didn't have enough time off to play golf or catch a ball game. We just had time enough to go across the street and grab a few drinks."

"Also it was due to the era we grew up in. It was during prohibition when the hip flask and bathtub gin were the rage."

He said the new crop of bandmen are different. "With that band that I've got, you could put a bottle of

whiskey on the stand with them and it wouldn't be emptied for two weeks."

## Eop Is Bad Influence

Moreover, he did argue with the musicianship of the younger generation.

"I don't go along with b-u-z or b-o-p," he said. "This bebop has a bad influence on the young players. They look grotesque and they sound grotesque. They don't have the musical training they should have."

Tommy, who is back at his own Casino Gardens after touring 101 cities in 37 states, told of an encounter with a bebop addict. The bebopper, in the weird attire of the cult, was ecstatic when TD swung out on his trombone.

"Go! Go! Go!" chanted the bebopper.

St. Tommy laid down his trombone and went.

## Final Rites For Mary Edith Riley Held At Ashland

Ashland—Funeral services for Mary Edith Riley, who was killed in an auto accident near here, were held at 2 o'clock Wednesday afternoon at the Ashland Baptist church, with Rev. William Webber of Farmington, former local pastor, officiating, assisted by Rev. Alf Anderson, pastor.

Two songs, "Jewels" and "Safe In The Arms of Jesus" were sung by Mrs. Seth Minters, with Mrs. Earl Ray of Pleasant Plains as accompanist.

The many floral offerings were cared for by Maile Klein, Wanda Rich, Esther Smith, Doris Smith, Betty Waw, Dorothy Hand, Zanie Rich, Barbara Carson, Elizabeth Ann Goodin, Phyllis Strawn, Betty Layman, Virginia Walbaum, Mary Latham, Mary Ann Nolan, Mary K. Hartmann, Patty Hartmann, Ruth Ann Butler, Colleen King and Ruth Walbaum.

Casket bearers were Tommy Watkins, Tom Dick and Bob Walbaum, Howard Criswell and Billy Hand.

Interment was made in the Pleasant Plains cemetery.

# A COMBINATION GAS and OIL HOUSE HEATING SERVICE NOW AVAILABLE

In response to continued requests, Illinois Power Company is authorizing the installation of combination gas and oil house heating units by heating dealers.

These combination units are so designed that gas is burned as a fuel except during extremely cold weather. When the outside temperature drops to approximately 26°, the combination burned automatically shifts from gas to oil as a fuel.

In this way, oil is used as a fuel during extreme cold weather, which is the only time our gas supply is short. This shortage is occasioned by the present lack of capacity on the part of the pipeline company supplying this territory.

At the present time there is no indication as to when additional gas will be available. However, when sufficient additional pipe is installed by the pipeline company, these combination burners may be used for all winter gas use.

The cost of these combination units is considerably higher than either a straight gas or straight oil burner. Customers contemplating the purchase of such burners are advised that, in the event additional gas is released in sufficient quantities to permit all winter heating with gas, they will probably be able to reclaim only that portion of the additional investment than can be had from the sale of the oil storage tank.

During the past year our laboratory has tested various makes of combination burners so that only those of proven efficiency will be offered for sale by heating dealers. Sole responsibility for property sizing and operation of the units rests with these dealers.

Before any combination gas and oil unit is purchased, customers are advised to drop in at our office and obtain the facts concerning rules and regulations covering the installation and operation of this type of equipment. It is necessary that each customer sign an application for this newly available gas service.

### MOSCOW PUSHES 3-DIMENSIONAL FILMS

Moscow—(P)—The Soviet film industry continues to produce three-dimensional films for display in Moscow's Stereoscopic Film Theatre. This theatre uses a system of display which creates three dimensional effects without use of special glasses or any other similar device.

NEW YORK—(NEA)—The fabric that's fast winning all-American fashion honors emerges now as champ in the field of summer sportswear.

That's nylon. It makes "taffeta" shorts, slip-ons and cardigans of "jersey" styled like those shown above, which dry quickly and can by-pass the ironing board on trips from and to the tennis court, golf links or beach.

Nylon taffeta shorts in black and other dark colors are smartly styled with cuffed legs.

Sleeveless nylon jersey slip-ons in white and black and pastel colors have deep armholes designed for coolness and freedom of movement.

Long-sleeved cardigans of nylon jersey color-matched to slip-ons, button up all the way to little collars. —By EPSIE KINARD, NEA Fashion Editor.

## What It Means: The 1837 U. S. 'Loan' To States

BY ALEXANDER R. GEORGE  
Washington—Once upon a time—113 years ago—the federal government had more money than it needed. Money was "tight" in the commercial world, so Congress authorized the Treasury Department to deposit surplus funds with the states (reserving \$5,000,000) beginning Jan. 1, 1837. A total of \$28,101,644.91 was lent to 26 states.

None of the 26 states has returned any part of that money, and the government so far has made no attempt to collect any of it.

The amount of money advanced was based on the proportion of representation in Congress. For more than a century there have been debates in Congress over the obligation, moral and legal, of the states to repay the money. Through the years many persons, including congressmen and state officials, have written the treasury department asking whether it was loaned or given.

The law passed by Congress on June 23, 1836, "pledges the faith of

the states to pay the said moneys and every part thereof from time to time whenever the same shall be required for the purpose of defraying any wants of the public treasury.

When a business panic hit the country in 1837, Congress enacted a law postponing further deposits of Treasury funds with the states. This law provided, however, that the "three first installments of money advanced to the states remain on deposit with them unless otherwise directed by Congress."

Congress has never directed return of the deposits, and the Treasury cannot collect them until so directed, officials say. However, the law clearly indicates that Congress has the power to compel repayment. Back in the 1870s Democratic Senator Roscoe Conkling of New York said the deposits with the states could be construed as call loans which over the years had become in effect gifts to the states because they had not been called.

During the Spanish-American War it was reported that the government was considering demands for repayment by the states to help finance the war. No action was taken, however. In 1922 Rep. William Andrews (R-Nebr.) introduced a resolution in the House calling for the states to repay the money and for use of it to finance a federal bonus for World War I veterans. His measure would have required the states to pay 4 per cent interest.

He figured that New York, which had received \$4,014,520, would pay back \$17,825,000 and Pennsylvania would contribute \$12,735,000 on \$2,867,514. Andrews' measure and other proposals for collection of the loans received scant support in Congress.

Mark Graves, New York state budget director, in 1932 wrote Secretary of the Treasury Ogden Mills suggesting Congress take action to forgive the indebtedness of the states. He said it would help states which were hard hit by the depression.

Secretary Mills replied that he didn't think it was a good time for Congress to cancel the repayment provision of the loans. Graves then agreed that it might be inopportune. So the deposits of 1837 are legally still loans today, but as long as the Congress doesn't direct their repayments, they are as good as gifts. The law carries no provision for payment of interest.

### U. S. ENVOY RIDES IN OLD CAR

Moscow—(P)—A Congressional law is causing the United States ambassador to the USSR to ride around in a pre-war automobile. His car, the official one for ambassadorial functions, is a pre-war model, sent here during war for the use of Edwin Pauley, then chief of the U. S. Reparations Mission to the Soviet Union.

Last year a post-war car was imported, but Ambassador W. Bedell Smith took one look at it and remarked he would stick to the old one. The law says that not more than \$3,000 can be spent for an ambassador's car.

There are reports that various automobile manufacturers in the United States have offered special cars as presents to the Embassy, or special-built machines at the \$3,000 price. But the Embassy has felt it would be wiser not to accept the offers.

Some of the smallest diplomatic missions in Moscow have cars, long, black and resplendent, and—these are American made.

### FAMILY AFFAIR

Piny View, W. Va.—(P)—A family mining operation, representing more than 150 years of experience, produces an average of 50 tons of soft coal daily in this little southern West Virginia community. It's run by Wilson Smith and his seven sons—Jack, Orville, George, Russell, Lawrence, James and Earl.

Although joint owners and operators, they are members of Local Union 5878 of the United Mine Workers and abide by the work-hour regulations of the Union.

The elder Smith has spent 48 of his 67 years in West Virginia mines. The services of his sons, ranging in age from 45 to 25, make up the balance of more than a century and one-half of experience.

## German Harness Racing Wins British Soldiers

By George Boulwood

Hamburg, Germany—The American sport of trotting, imported to Germany, has become a big favorite with British soldiers.

A number of Britons are driving sulkeys over the Hamburg track. Maj. L. Evelyn Jones of Frinton-on-Sea, England, president of the Anglo-German Trotting Club, is credited with reviving the sport after the war.

Trotting came to Germany early this century when an American trotter called Peter the Great was imported. Today his descendants are trotting on the Hamburg track.

The Farmers track in Hamburg was a displaced persons camp after the war. Major Jones, then adjutant of the London Welsh regiment, experimentally took a sulky around the track. "From then on I was an addict," he says. He organized a regimental meeting from which developed a British trotting club. Later it was merged with the old German club and now is a big business, handling meetings at which large sums of money pass through the tote.

Many of the British soldier-drivers have earned good reputations on the German track. They are even known to German punters by nicknames such as "Flash" and "Speedy." Master Sgt. John Rogers of the Royal Berkshire regiment, has had a particularly successful two years. He's from Hutton-le-Hole, County Durham.

A founder-member and successful rider is George Sims, of Kensington, London, now with the control commission. Although he took up trotting only recently, Harry Barrett, an Ipswich horse-dealer before the war, has had several wins.

Getting back his form again is Lawrence Murphy of Broad Green, Liverpool. He was in the hospital four months after being thrown from his sulky. With his favorite horse, Eva Challenger, he has placed seven out of nine times. He is also a British soccer referee and in 1938 he refereed the northern amateur cup final.

At Farmers there are now about 400 horses owned by about 40 stables. A win is worth between \$2,400, and \$3,200 and second place about \$1,400. But for the soldier drivers the only reward is the thrill of the sport and perhaps a small gift like a cup or cigarette case from the owner. Club rules forbid the acceptance of money.

### LONG STAY

Fort Worth, Tex.—(P)—Leo R. (Dutch) Meyer has been head coach at his school longer than any other football mentor in the Southwest Conference. The Texas Christian University coach is starting his 16th consecutive season as boss of the Horned Rangs.

## GREENE CO. BANK HAS NEW CASHIER

Carrollton—W. P. Schmidt was made cashier of the Greene County National Bank at a meeting of the directors of the institution. Schmidt succeeds the late Ira Aull, who was cashier of the bank as well as vice president.

Prior to accepting a position in the local bank a few years ago, Schmidt was the manager of the local Kroger store.

The Past Board Members club of the Greene County Home Bureau will be entertained at a picnic supper Friday evening, August 5, at the Woodbine Country Club in Greenfield. The families of the members will also be guests. All are invited to meet at 4 p. m.

## MURRAYVILLE

Murrayville—Mr. and Mrs. Ball Fitzsimmons were recent supper guests of Mr. and Mrs. C. A. Griffith. Mr. Griffith is the new superintendent of Murrayville grade school.

Misses Mary Ellen and Janet Covey of Jacksonville are visiting their grandparents, Mr. and Mrs. Roy Clark, this week.

Mr. and Mrs. Louis Sooy and daughter, Lorene, were guests Wednesday of Mr. and Mrs. Oran Cas- teel and daughters in Springfield.

Mrs. Merrill Kesinger and son, Donnie, of White Hall were visitors Wednesday at the home of her uncle and aunt, Mr. and Mrs. W. A. Jones.

Miss Cecelia Murphy, Chicago, is spending a vacation with her aunt, Mrs. Frances Lonergan.

Mr. and Mrs. W. E. Barrows and Mrs. W. T. Scott of Jacksonville were Tuesday afternoon visitors with Mr. and Mrs. H. G. Strang. Miss Joyce Masters of Monticello, Ind., is visiting her aunt, Mrs. Ethel Stringer, and other relatives.

## YOUNGBLOOD AID NAMES OFFICERS

Officers were named by the Youngblood Ladies Aid society during a call meeting held at the church. Those chosen were Ida Vedder, president; Lois Van Beber, vice president; Vena Sorrells, secretary; Ethel Seymour, assistant secretary; Minnie Bolton, treasurer; and Frances Mutch, reporter. The August meeting will be held with Mrs. Mabel Whitlock.

MYERS  
BROTHERSRoy Kircher New  
Legion Commander  
At Chandlerville

Chandlerville — Roy Kircher was elected Commander of the local American Legion Post 694 at the Thursday night meeting in the Legion Hall. Following the election, a chicken supper was served for the legionnaires.

Others chosen to serve as officers were: Henry A. Chessier, first vice commander; Raleigh Ingram, second vice commander; William K. Armstrong, finance officer; Roland Toland, sergeant-at-arms; Edwin Dyson, adjutant; and Paul Henry, chaplain.

The installation ceremony will be held Thursday night, Aug. 18.

Coroner, Deputy  
Attend Institute

Valparaiso, Ind.—Among the leaders in civic life throughout the nation to attend the Institute of Politics at Valparaiso university July 28 and 29 were Coroner C. H. Muehlhausen, and Henry Konnick, deputy coroner, 961 E. College avenue.

Round table discussions on how to integrate the principles of Christian ethics with the practices of present day politics attracted such speakers as Louis Lochner, winner of the Pulitzer Prize for distinguished service as a foreign correspondent; Mayor Frank P. Zeidler of Milwaukee; Senator Homer E. Capehart of Indiana; Warren Smith, treasurer of Wisconsin, and Milton Carpenter, comptroller of St. Louis.

Layman's League  
Elects Officers

Roodhouse—Kenneth Jackson has been elected president of the recently organized Layman's league of the Church of Christ.

Fred Battershell is vice president; Harry Anthony, secretary-treasurer. An official board meeting will be held Tuesday night at 7:30 o'clock in the church office.

## ROODHOUSE

Roodhouse — The Roodhouse Shakespeare club will meet Tuesday evening at 7 o'clock in the basement of the Church of Christ. "Midsummer Night's Dream" will be discussed.

The Roodhouse DeMolay will hold a public installation of officers Friday at 8 p.m. in the high school gymnasium. Maurice Hutton will be installed as the new master counselor along with other officers.

C. B. Ruyell has received word of the death of his aunt, Mrs. Blanche Morrow, wife of W. A. Morrow of Stockton, Calif., Wednesday, July 27. The Morrrows formerly resided here.

Mrs. W. H. Vigns was hostess Thursday to the Sacred Heart club, with Mrs. Fred Todd, president, presiding. A plate luncheon was served. The next meeting will be Aug. 25 at the home of Mrs. Hazel Sage.

More than 52 per cent of the total sales from farms are made during September, October and November.

THE OLD MILL

Remember when you went with father to take grain to the old mill for grinding into flour and breakfast food? The mill with its great wheel fascinated you. Strangely enough, no breakfast food has ever tasted as good or perhaps had as many vitamins as that which you had ground at the old mill. Remember?

### District DeMolay Ceremony July 31 At Quincy Camp

District No. 2, Central Jurisdiction of the State of Illinois, Order of DeMolay, will hold its annual investiture of the Initiatory and DeMolay degrees on Sunday, July 31, 1949, in Quincy. A district meeting between Quincy, Springfield, Taylorville, Roodhouse-White Hall, and Jacksonville will be held at 10 a.m. at the DeMolay Camp on the Mississippi river. The election of Officers for the district chairs will be held at this time.

At 12 o'clock noon the Quincy DeMolay Mothers will serve a potluck luncheon at the Camp. The Initiatory and DeMolay degrees will be conferred in the afternoon, starting at 1:30 p.m., followed by the DeMolay Mother's Flower Talk.

The local Chapter is to furnish several of the initiatory degree officers, the entire DeMolay degree, and the Flower Talk. Approximately twenty-two local members and advisors plan to attend the investiture, which will be the second annual out-of-doors initiation, and which will be sponsored by the DeMolay district organization. DeMolays and Masons planning to attend are requested to take six sandwiches and a covered dish. All local members and Advisors are requested to meet promptly at 7:30 a.m. at the Jacksonville Masonic Temple.

### Joseph Weisner Funeral Sunday At Greenfield

Greenfield—Joseph B. Weisner 73, a prominent Greene county retired farmer and extensive land owner, died Friday night at 8:05 o'clock at the Boyd Memorial hospital in Carrollton.

Mr. Weisner was for a number of years constable in Rockbridge county. He was born Jan. 30, 1876, on a farm south of Greenfield, son of Joseph Benson and Hannah Dews Weisner.

Surviving are his wife, the former Nelle Baker; three sons, William B. Weisner, Thomas A. Weisner and John B. Weisner, all of Greenfield; three sisters, Mrs. Florence Barton, Greenfield; Mrs. Howard Strang, White Hall, and Mrs. Fletcher McDonald, formerly of Jacksonville, now a resident of Brownstown, Ill.

Mr. Weisner was a member of the Methodist church.

The remains are at the Shields Memorial Home in Greenfield, where services will be held Sunday afternoon at 2 o'clock. Rev. Don P. Hawkins of the Baptist church will officiate, with burial in Oakwood cemetery.

### Women Golfers Hold Victory Tourney At Club

Country Club women golfers participated Wednesday in the Illinois Women's Golf Association Victory Tournament. This was a low net event sponsored by the state association, the benefits from which go to the American Cancer society.

Mrs. James Bunch had the low net score in the 18 hole class. Mrs. Wayne Wood and Mrs. William Swift tied for second.

In the nine-hole event, Mrs. Robert Fay placed first, with Mrs. James Dwyer and Mrs. Arthur Lauff tied for second.

On Wednesday August 3, a novel one-club tournament will be played. The pairings are as follows:

**18 Hole Class:**

## Israel's Army Day Honor Its Heroes

The struggling young nation of Israel marked its first Army Day with the greatest military display ever shown in Palestine and a solemn tribute to fallen heroes of the recent war. Thousands jammed Tel Aviv streets to watch battle-tested units of the Israeli Army, Navy and Air Force parade. Feature of the show was the presentation, for the first time, of decorations for valor to 12 young heroes.

## Pete The Monkey Gets Loose, Has A Gay Time

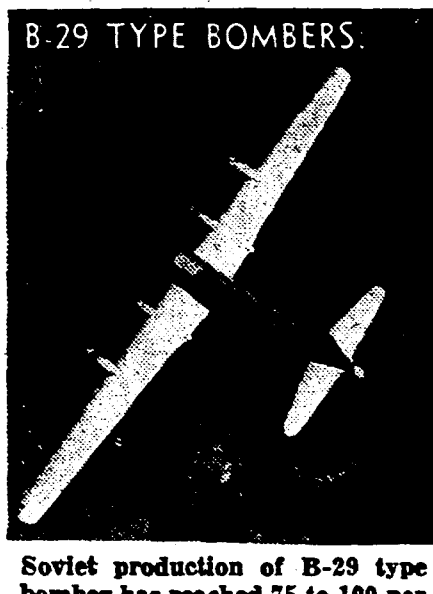

Memphis, Tenn., July 30—(AP)—Life is a gay, mad whirl for Pete the installed monkey.  
He got loose from his chain in a Memphis restaurant yesterday and set off on a lark.  
Pete's first stop was the middle of a busy street. A car screeched to a halt and a motorist peered out in confusion. Pete jumped in.  
He looked the situation over, grabbed the ignition key, and beat it to the top of the rear seat. The motorist protested, and Pete, lost his temper and chased him out of the car.  
The motorist called the cops. Pete liked one of them, and rode on his shoulder to the station.  
He ate all the cake the station boys had and then started pushing out window screens. The sergeant called the humane shelter.  
Pete rode triumphantly to the shelter, where his owner, C. R. McDonald, bailed him out.  
While McDonald was chaining him up again, Pete picked his pocket of \$1.50 and stuffed it behind a baseboard.

Latest figures indicate Russia and her satellites have 6,000,000 men under arms. U. S. officials say Russia alone has 170 combat divisions, her satellites 90 more.

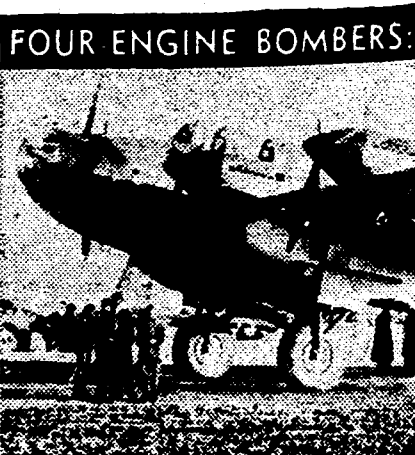

Aviation experts estimate Soviet Union has between 12,000 and 15,000 operative war planes.

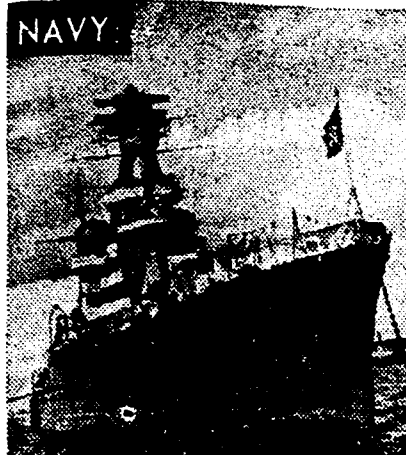

Soviet production of B-29 type bomber has reached 75 to 100 per month, says European expert. U. S. authorities believe this is too high.

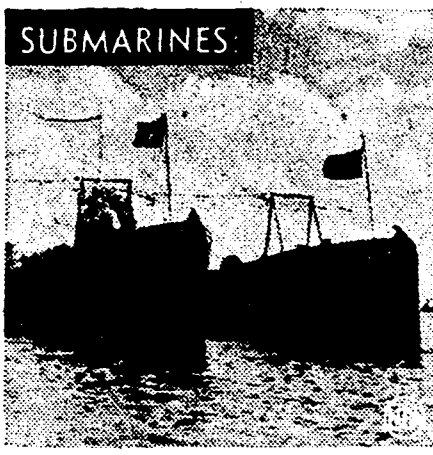

Foreign reports estimate Russia can put more than 1000 jet fighters into air at once. U. S. thinks figure is low.

Russia reportedly has from 750 to 1000 four-engine bombers. U. S. officials are skeptical.

Soviet navy is in no way comparable with that of the U. S.

Kremlin has powerful submarine fleet—bigger and better than that with which Hitler entered war. Strength estimated up to 300.

## Made \$75 Weekly For 2 Years With Phone Swindle

New York, July 30—(AP)—Police have taken into custody a man they claim has been making \$75 a week for two years in an unusual swindle—and all by long distance telephone.  
A New Bedford, Mass., garage operator squelched the swindle, police said. They told this story:  
Nathan Resnick, 39, of New York would pay frequent visits to the public library. There he would check city directories, get the names of out of town gas stations and of some residential streets.  
Then he would make a collect long distance call to a gas station.  
Posing as "an old customer," Resnick would give a name and street address and say he was suddenly stranded in New York and in need of a small sum of money—usually \$25. Would they send him the money by telegraph at a certain telegraph office?  
With virtually no failures, the scheme worked with station operators in Indiana, Massachusetts, Illinois, Michigan and Wisconsin.  
And most of the victims apparently "wrote off" the losses.  
Resnick, police said, admitted his

## Is There Another War Scare Around the Corner?

Will the cold war become warmer? That's a question which is confusing diplomats, government officials and Americans generally. In a major foreign policy address in Chicago, President Truman said the Russian threat was waning. Six days later in support of his arms-for-Europe program, he told Congress the "messed might of the Soviet Union" was such that it might again resort to the threat or use of force. Then the administration announced it would lay before Congress "secret intelligence reports" indicating Russia is arming for war. This newschart gives the latest estimates available on Soviet military power.

## Worthwhile Club Entertains Guests

Several guests were present at the meeting of the Worthwhile club, held at the home of Mrs. Russell McGee. The guests included Mrs. James Angelo, Mrs. Maurice Orris, Mrs. Lulu Moss, Mrs. Harold Cully, Mrs. James Lester, Mrs. William Taylor, Beverly Janet, and Judy Strickler, Dean Gibbs, Donna Mason and Jeanette and Camilla Thompson.  
The meeting was conducted by the vice president, Mrs. S. B. Strickler. Mrs. Harry Wheeler, program chairman, read an article and conducted two contests. Prizes were won by Mrs. Elmer Moody and Mrs. Adolph Bostor.  
Refreshments were served at the close of the meeting.  
The next meeting will be held Aug. 11 at the home of Mrs. William Thompson. Roll call will be a Bible verse.

## Park Pool Staff Will Remain On Job Late For "Lifetilt" Fund

All employees of the Nichols park swimming pool announced Saturday that they will donate their services during special hours at the pool for one week or more, beginning Monday, Aug. 8, when admission fees to the pool will be used for the purchase of a Lifetilt, a new life saving device.  
Officials and employees of the pool believe that Jacksonville should have the use of one of these devices, which are recognized as highly efficient in life saving work. In cases of drowning, shock, electrocution and asphyxia from other causes, the Lifetilt has been credited with saving lives.  
Russell Kelley, park superintendent, said the cost of the device is \$195, which the swimming pool staff believes can be raised within a week from admissions to the pool after the regular hours.

CHICAGO LIVESTOCK  
MARKET REPORT

Chicago, July 30.—(P)—Nominally steady quotations ruled for hogs and cattle today. There were no sheep offered for sale.

In line with the seasonal pattern, hogs showed strength during the past week. Sows comprised 64 per cent of the receipts, largest thus far in the sow marketing season. It was also a larger percentage than for any week last year. Sows advanced 75 cents and barrows and gilts 50 to 75 cents.

Choice steers and yearlings appeared in very small numbers in the cattle section this week. These offerings, along with choice heifers, sold at steady to 25 cents higher prices. But common to low good grades, as well as short fed offerings, lost 50 cents to \$1. Top was \$22.75, highest since July 11.

Spring lambs gained 50 cents while old crop lambs, yearlings and sheep advanced 50 cents to \$1 for the week. Native lambs topped at \$25.

GRAINS OPEN WEAK,  
NEVER EXHIBIT ANY  
RALLYING POWER

Chicago, July 30.—(P)—Grains got off to a weak start and never showed any rallying power on the board of trade today. Dealings were fairly active during the first 30 minutes, but after that the market just loafed along with the trend lower.

In wheat there was some disappointment over trade reports the Kansas City Commodity Credit Corporation office had not bought any cash grain yesterday, as some traders had expected it would. The cash grain price was lowered in the southwestern market today.

50,000 Bushels Booked  
Several elevator houses sold September corn, indicating a larger run on cash grain from the country. Bookings were placed officially at 50,000 bushels. New crop deliveries could not do anything in the face of continued optimistic reports on the crop outlook.

Only strength shown anywhere was in hard. Brokers with packing house connections took to the buying side and prices pushed ahead to new highs for the current upward move. Traders said this action may have represented lifting of hedges against sales of cash lard.

Wheat Closes Lower  
Wheat closed 11-12 lower, September \$2.05-\$2.04, corn was 11-12 lower, September \$1.28-1.27, oats were 2-3 lower, September 65-64, rye was 2-3 lower, September \$1.51-1.50, soybeans were unchanged to 1 lower, November \$2.35-2.34, and lard was 3 cents lower to 30 cents a hundred pounds higher, September \$12.37.

Preliminary estimated receipts of grain in carlots here today—wheat 146; corn 92; oats 125; rye 6; barley 18 and soybeans 45.

## Chicago Cash Grain

Chicago, July 30.—(P)—Wheat No. 3 red 194; No. 2 mixed 194-1.98. Corn No. 2 yellow 1.40-1.41; No. 3, 1.39; No. 4, 1.37; sample grade 1.30. Barley malting 1.08-1.42 nominal; feed 80-106 nominal.  
Oats No. 1 heavy mixed 63-62; No. 1 heavy white 67-69; No. 2 white 63-65; No. 2, 62; No. 3 medium heavy white 61-63.

Carnival Worker  
Held In Slaying  
Of Girl, 17

Prestonsburg, Ky., July 30.—(P)—A 26-year-old carnival worker was held today, charged with murder in one of eastern Kentucky's most baffling slayings.

State police detective Arch Thompson said an eight page statement from a 15-year-old youth implicated William (Bill) Gamble, of near Whitesburg, in Letcher county, Ky., in the slaying of Muriel Baldridge. The body of the 17-year-old Prestonsburg high school cheerleader was found June 28th under a bridge near her home.

Thompson said Olen Collins of Duco, Magoffin county, claimed to have been with Gamble and the girl when she was fatally beaten on the head last June 27. Collins was detained here as a material witness. The boy was quoted as saying the death weapon was a 14-inch screwdriver.

Rose Fairfield Bride  
Of Richard WallbaumVows Pronounced  
In Double-Ring  
Rites Saturday

Vows of marriage were spoken by Miss Rose Marie Fairfield and Richard Victor Wallbaum in an impressive double-ring ceremony performed by Rev. Father John Morris on Saturday morning at 9 o'clock in the Church of Our Saviour.

Mr. and Mrs. Cecil D. Fairfield, rural route six, Jacksonville, are the bride's parents. The bridegroom is the son of Mr. and Mrs. W. P. Wallbaum, 898 Routh street.

For the wedding occasion, the altar of the church was adorned with large bouquets of white carnations and gladioli, arranged amidst a background of candlelight.

Prelude of Organ Selections  
A prelude of organ music was presented by Miss Paula Coenen, who also played the wedding marches and selections during the nuptial Mass. The acolytes were Dean Towers and John Wallbaum.

Attending the couple were Mrs. Rollin Taylor, sister of the bridegroom, matron of honor; John Hicks, best man; Miss Anna Fairfield, sister of the bride, bridesmaid; and Donald Fairfield, the bride's brother, groomsmen. Rollin Taylor and Leo Taylor were the ushers. Another sister of the bride, Patricia Fairfield, was the flower girl.

Bride Wears White  
Of white slipper satin, the gown worn by the bride, who was given in marriage by her father, was fashioned with a shadow-sheer yoke of illusion net which lent an off-shoulder effect to the draped bodice. The slim bodice featured long tightly fitted sleeves tapering to points over the wrist and entailed styling at the waist. The bustle back extended into a long, flowing train. Her lace-edged veil of imported tulle was fingertip in length, held in place with a coronet of orange blossoms. The bridal bouquet was of white carnations centered with gardenias. As her only jewelry the bride wore a single strand of pearls, a gift of the bridegroom.

Pastel shades of taffeta fashioned the gowns of the bridal attendants, with the matron of honor wearing peach and the bridesmaid yellow. The gowns were similar in design to that worn by the bride. Each wore a shoulder-length veil in matching net with bands of flowers and opera gloves. Mrs. Taylor's flowers were white and blue carnations and Miss Fairfield carried red and white carnations. The flower girl wore a floor-length dress of white dotted swiss and carried a basket of petals.

A dress of navy blue with white accessories was worn by the bride's mother. The bridegroom's mother chose a black and white print with black accessories. Both had corsages of white gladioli.

Following the ceremony a wedding breakfast for members of the immediate family was held at the Wallbaum home. A reception was given during the afternoon at the country home of the bride's parents. More than 100 guests were received. Serving was done by Mrs. Taylor and the Misses Anna and Wilma Fairfield.

To Visit Niagara Falls  
Mr. and Mrs. Wallbaum then left on a wedding trip to Niagara Falls and through Canada. For traveling the bride chose a frock of red and white crepe complimented with white accessories and a gardenia corsage. Upon returning, the couple will reside at 512 North Glendale avenue in Peoria.

The bride was graduated from Jacksonville High school and is employed at the Logan Printing Co. in Peoria.

Her husband, also a graduate of Jacksonville High school, spent three years in the U. S. Navy, serving in the Pacific theater. He is now employed at the Caterpillar plant in Peoria.

Catcher Is Only Player Facing  
Entire Club, So He Directs It

By Birdie Tebbetts  
Red Sox Catcher

As the only player facing the entire club, the catcher directs it. Pitching is from 75 to 90 per cent of baseball, and the catcher can make a pitching staff.

While a catcher has to do it all, his handling of pitchers is more important than his receiving, throwing or hitting.

Pitchers are handled according to temperament. Some grow wild when they get mad. Others bear down, become more effective. Some require constant nursing. At times I purposely make a pitcher work a slow game to improve his effectiveness. You pitch quickly to the batter who likes to take his time, be relaxed at the plate.

The return of the ball by the catcher to the pitcher is more important than you might suspect. The ball shouldn't be banged back at the pitcher. It should be tossed back to him softly, and where it can easily be caught.

An intelligent catcher frequently can disconcert a hitter by carrying on a casual conversation, but the talk must be pleasant. Some old-time catchers made hitters more formidable by riding them.

I have signs for a fast ball, curve and change of pace.

When it's necessary, I indicate where the ball ought to come, high or low, by the way I hold my glove.

Overhand and Sidearm  
The ideal catching position is a natural and comfortable spread with the left foot extended. You have perfect balance, are ready to step forward throwing to any base.

Throwing to bases there must be no loss of time bringing the arm up for an overhand throw.

The secret of a catcher fielding well is the speed with which he tears off his mask and breaks for the ball.

Fielding a bunt, the catcher must make the swivel while picking up the ball, and make a lightning-fast sidearm throw. He seldom has time to straighten up and throw.

The catcher directs the pitcher on bunts. The pitcher, running with his head down, must be told where to throw. Otherwise he might miss a chance at a double play.

The catcher signals the outfield on certain pitches—such as a slow ball or change of pace, where the ball might be pulled to one field or the other. This enables the outfielder to obtain the jump on the ball. Certain hitters will lunge after certain pitches, and pop up. When the outfielders know this pitch is coming, they can be on their way in.

There is a lot to be done in a split second when a catcher is tagging a runner at the plate. Much depends on the throw and type of runner.

There is no set way to make the play, but when possible, I try to take the throw six or eight inches in front of the plate.

I stand in the runner's path so that he has to go around me. That takes a fraction of a second of his time. If he crashes into me, then

BIRDIE TEBBETTS — In position to throw to any base.

it's just too bad for one or the other of us.

When the throw pulls him away from the plate, the smart catcher dives back to the plate. If he dives for the runner, he is likely to tag him on the body after his feet, or foot, has touched the rubber.

A catcher, squatting on his toes a good share of the time, unquestionably has the most laborious position in the game. His career figures to be two or three years or more shorter than that of a man playing any other position.

But the catcher is in the thick of things all the while, and that is much compensation.

Nathan Says Steel  
Can Raise Wages  
By Cutting Costs

New York, July 30.—(P)—An economist for the CIO United Steelworkers said yesterday that recent cuts in steel industry more than enough in material costs would save the money to pay wage boosts and other benefits sought by the union.

Robert R. Nathan, former New Deal economic retained by the steelworkers, presented statistics before a presidential fact-finding board inquiring into the union's demands.

The steelworkers have asked "packaged" benefits amounting to a 30-cents-an-hour increase, including pensions, social insurance and a 12-cent hourly boost in wages now averaging \$1.65 an hour.

Nathan told the fact-finders that even if the industry operated at only 80 per cent of capacity, the decreases in material costs between the first and second quarter of 1949 would save the management \$300,000,000. He said it would cost \$270,000,000 to grant the union's demands.

No Rain On July 29  
In Waynesburg, 6th  
Time In 72 Years

Waynesburg, Pa., July 30.—(P)—Waynesburg's citizens ruefully hung up their umbrellas today and started paying off bets they made that it would rain as usual on July 29.

It almost always rains in Waynesburg on July 29. But yesterday, for the sixth time in 72 years, there was nary a drop of moisture.

Everyone waited for it all day long. And no one waited for a rain cloud more eagerly than Attorney John M. Daily, official "rainmaker" for this little western Pennsylvania community of 8,500.

Daily has a traditional bet with Vince Johnson, Pittsburgh (Post-Gazette) newspaper columnist that when the 29th day of July rolls round, there'll be rain in Waynes-

Tite Seeks West's  
Aid In His Fight  
With The Russians

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

One of the great human dramas of our time is the defiance of Russia by Marshal Tito, Yugoslav dictator, who has been outlawed by the Soviet for pursuing Nationalism for his country, contrary to the policy of the Kremlin which holds in effect that sovereignty of Communist countries rest in Moscow.

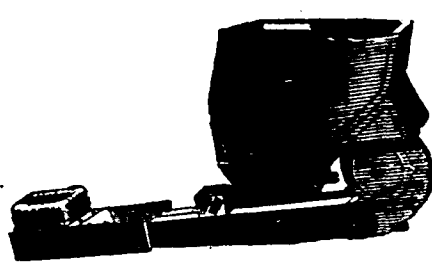

I have an illuminating account of this battle from Alex H. Singleton, AP correspondent in the Yugoslav capital of Belgrade, and I want to present him here as guest columnist. He observes that Tito has turned to the western powers to ease the economic pressure being applied against him by the Communist countries of Eastern Europe and continues:

Trade ties severed  
For more than a year Tito has withstood Moscow's attempts to bring him to his knees. It is obvious that the Kremlin's order has been to starve him out.

Trade ties have been cut between Yugoslavia and four communist countries—Albania, Czechoslovakia, Hungary and Poland. Yugoslav commerce with Bulgaria and Romania is almost dead. Traffic with Russia has been reduced to a trickle.

Tito's reaction was made clear in a speech. He declared that Yugoslavia would trade with the west for the things she needs, provided no political standings are attached.

TO RECEIVE DEGREE  
Carrollton—William Voiles, Jr., will receive the second and third degree in the I.O.O.F. at the regular meeting of the organization to be held Friday evening in the I.O.O.F. hall. Plans are also being made for an I.O.O.F. picnic to be held Sunday, August 27, at the Lions Club park in White Hall.

## Valley Correspondent Reviews Grid Outlook

### Chicago Cubs Drop Doubleheader To Phillies 4-3, 9-1

By John Campbell

When football practice begins next month, Coach Smith's Pittsfield eleven will be gunning for its seventh Valley title in 22 years.

His chief players returning from the championship squad of a year ago are Zimmerman, this year's captain; Beard, Pebbles, McCartney, A. Chaplin, Niebert, and Ferguson. Gone by graduation are Sidwell, Voshell, Henry, Hayden, Vertrees, Johnson, Moore, Rhodes, Dell, Colver, O. Chaplin, Kattleman, Williams, Hubbard and Niebur.

Coach E. V. Hall, whose Jerseyville team finished second in conference competition last year, has a great bunch of prep players returning including Bill Reynolds, halfback, who is also an outstanding basketball player.

Greenfield, which finished third, will be led by Captain Dean Cochran. Bob Waltrip, Val Klunk and four other promising lettermen are back at the Greene county school to help Coach Don Luketich perfect his T-formation.

Howard Berline, who takes over the helm in football at White Hall this year, will have 10 lettermen back, including Harold Patterson, fullback; K. Knight, center; Pete Howard, big guard; Otis Jouett, tackle; Jim Campbell and Phil Strang, two of the finest ends in the loop last year; D. Monroe, fast halfback; David Ridings, quarterback; Dale Coates, big guard or tackle; and Dick Washburn, halfback.

Coach Mason Campbell, beginning his 11th season at Roodhouse, will have another strong contender, Dee Crabtree, fast halfback, will be eligible for the 1949 season. Several other lettermen at Roodhouse include Ransom, Garner, Hutton, Bell, Seever, Sifton and McElennin. The Roodhouse team will play all home games under the lights with the exception of the big game of the year, with White Hall on Armistice Day.

Winchester's new coach, E. W. Posey, will have 10 regulars from the Wildcat team of a year ago. Carroll, under Coach Bradley for the second year, will have one of the heaviest teams in the loop with Bob Grainer, 200 pound fullback, leading the Hawks.

Dick Ridings and Bob Hamel are co-captains. Pleasant Hill has not secured a coach for the 1949 season, but will have plenty of lettermen back, including Niemeyer, fine halfback of last year.

Comes The Dawn

Local baseball fans have been kept somewhat in the dark concerning the Moose club's progress in the state play-off series at Havana this week. Comes the Renaissance. After whipping Kibbourne 14-1 in their debut a week ago, the Moose diamond-eers stayed in competition and tangled with the Havana Glass bar outfit in their second encounter. They were downed 3-0, but protested the game because the Havana management ran in a "ringer" on their mound staff. The Jacksonville team will continue their quest for state honors this evening when they play Springfield Patriots at the Havana sod at 8 p.m. in the championship tussle. The Moose players will assemble in front of the White Front cafe at 6 p.m. Sunday.

## Hot Ten Tots Squeeze 5 To 3 Decision From House Of Clay Nine

The House of Clay nine gave the invading Hot Ten Tot club all the softball it wanted before the local team finally weakened under a 4-run onslaught in the fourth inning and dropped a hotly contested 5-3 tussle to the colored world champions at the Southside park last night.

The Tots again tonight at 9 o'clock when they tangled with Myers Bros. another strong local softball club. The Pepsi Cola and Ruh & Durocher "B" league entries will tangle in the preliminary bout at 7:30.

It was anybody's ball game for three innings last night. Stoney Jackson—Clay portside twirler—baffled the Hot Ten Tot hitters with his tantalizing slants and held them to a single hit. The locals rang up a single marker in the third inning when Jimmy Williams lofted a short fly over the second baseman's head and raced to third base when the Tot's keystone guardian bobbled the pellet. He scored a few pitches later on a passed ball.

The visitors changed into their hitting clothes when the fourth inning rolled around. The leadoff batter was struck by a pitched ball and scored on a single. Art Wilson, Tot third baseman, drove in the second and third runs of the inning with a scorching line-drive double back through the box and chalked up the fourth counter of the inning by pilfering the hot corner and walking home on an error.

The Champs marked their final run in the following inning on two solid base blows by Boyd and Rube Moore, the second baseman and manager.

The invaders' inner defense weakened in the sixth chapter and the House of Clay batsmen rolled a pair of runs across the platter to remain in the ball game. Dick Johnson reached first base when the shortstop threw the ball before he picked it up. He was sacrificed to second base, advanced to third on Stoney

Preacher Rowe—veteran Dodger hurler—has developed a new philosophy for pitchers when they face the Cardinals' Stan Musial. When Erv Palica, another Dodger tosser, was almost decapitated by one of Musial's line drives in the current series, Rowe told the young pitcher: "You have to play this guy deeper."

Alas, what a life the pitcher leads. We fear the pitching rubbers will never be moved back to second base.

Rowe further theorizes: "It's better to give a hitter like Musial four balls for one base, than one ball for four bases. In other words, walk him and pick him off first base."

Tom Brown—Brooklyn outfielder—was put on the witness stand to testify in Branch Rickey's "cradle-snatching" case. The Ebbebs Field kid is just 21 years old and he has been wearing the Dodger colors for 6 years. He says that Rickey lifted him out of a high school classroom and deposited him on the Dodger roster.

A touch of local color brightens up the Tommy Brown angle at this point. One of his six years as a Dodger was spent (as so many young men have done) in the armed forces. While playing shortstop on an army post ball club, Brown teamed up with Tom Comersford—ex-Bluffs high school sports ace and now a student at Illinois College—to form a key-stone combination.

Louis Olmo, patched up Mexican League exile, could only say "Ah, bueeno loocky!" when questioned about his current batting success since rejoining the Dodgers.

The Hot Ten Tots packed 'em in at the Southside ball park when they tangled with the local House of Clay club last night. Standing room only is forecast for their exhibition game with Myers Bros. formidable softball club this evening.

Blackwell, third Cincinnati pitcher, with two out in the extra frame and Lockman followed with his three bager on a hit and run play.

The Giants clipped Howie Fox for two runs in the second inning but the Reds tied the count in the third at the expense of Monte Kennedy.

Lefty Dave Koslo relieved Sheldon Jones in the last of the 10th with two out and the bases loaded, and got left handed hitter Ted Kluzewski to bounce into a force out on the first pitch to end the game.

New York 020 104 000 1-8 15 0 Cincinnati 002 040 010 0-7 13 2 (10 innings)

Kennedy, Behrman (5), Jones (8), Koslo (10) and Westrum, Mueller (10); Fox, Eraut (6), Blackwell (9) and Howell. HHR: New York—Gordon; winning pitcher—Jones, losing pitcher—Blackwell.

That was Wednesday.

The five kittens were thriving today on formula food prescribed by a veterinarian, who praised Mrs. Smith's emergency surgery. He said a substitute mother cat would be better. But Mrs. Smith hasn't as yet been able to find one.

MOTHER AND SON DIE IN AUTO-TRUCK CRASH

LaPorte, Ind., July 30.—A DeKalb, Ill., mother and her son were killed late today and her two other children were critically injured in an automobile-truck collision at the intersection of U. S. 6 and Ind. 35 near here.

State police identified the dead as Mrs. Anna Detrich and John Detrich. Their ages were not learned immediately.

Nick Detrich, about 19, and Katherine Detrich, about 13, were brought to Holy Family hospital here for emergency surgery.

Probe Reports Of Heavy Hog Losses In Midwest

Washington, July 30.—The agriculture department is investigating reports of unusually heavy death losses of hogs in parts of the midwestern corn belt.

Dr. B. T. Sims, chief of the department's Bureau of Animal Industry, said representatives of his agency left last night for Iowa and Nebraska to investigate the reports.

Heavier than usual losses have been reported in Minnesota also.

Sims said the department representatives expect to make field checks of the situation this week and confer with state veterinarians and representatives of hog cholema serum manufacturers at Omaha, Aug. 2.

Freeman Fans 16 Batters

Neither team was able to add any runs in the final stanza. The House of Clay manager attempted to use pinch-hitting strategy but failed when "Freeheeling" Freeman, Tots pitcher, whiffed the last three men to face him, bringing his total number of strikeouts for the game to 16.

The Hot Ten Tots interrupted the tilt in the fifth inning to stage their much publicized hot pepper game, a remarkable demonstration of what the adept can do with a softball.

The Jacksonville Moose nine routed a Manchester crew 17-7 in a six-inning preliminary fray.

#### CONGO ART GOING TO ROME

Leopoldville, Belgian Congo—(P)—Artists and sightseers to next year's Christian Art Exhibition in Rome will have the opportunity of examining some of the latest Belgian Congo native art. The central chapel of the exhibition room will be entirely furnished with works of art from the colony.

HOME WAS NEVER LIKE THIS—So you think you're hot. Think of a family of Eskimos in Chicago's 95-degree heat. The Angaboogoks, from Wales, Alaska, swelter in the Eskimo Village at Chicago's Riverside Park and wistfully think of their Arctic home. A big fan, cool drinks and ice cream don't help much. The family is en route to the Illinois State Fair at Springfield and will return home in September.

#### SAFE AFTER FALL

Hamburg, Germany—(P)—A two-year-old child fell out of a fifth floor window here and survived. He was stopped by a clothes-line strung from the balcony below the floor from which he fell. He fell inwards onto the balcony.

### Virginia Children To Take Trip To St. Louis Ball Park

Virginia — To highlight the last week of the Virginia playground to which an average of 100 children have attended daily since it began operation, will be the trip to St. Louis by 25 of the children on Thursday, August 4, sponsored by the Jay Cees.

The cars and children will meet at the high school at 8:00 a.m. Children are requested to bring a lunch or enough money to purchase food at the ballpark.

Six children have had perfect attendance this year at the playground. They are Sue Ann Fisher, Cliff McClure, Doug Griffin, Virginia Fisher, Reggie Fisher, and Carole Griffin.

The children were treated to a trip to the swimming pool at Nichols park last week and 58 children attended. Transportation was furnished by Jess Mefford.

A rope jumping contest was held last week by Alice Jean Maurer and the winners were Ann Marr, first, Carole Griffin second and Patsy Beauchman third. Larry King was first in boy's jumping and junior Stiles was second.

### Establish Night Home Bureau Unit

White Hall — Mrs. William H. Brown, Jr. was hostess on Thursday evening to a group of Home Bureau members, the purpose of the meeting being to establish a new night unit in White Hall for Home Bureau.

Miss Sophia Powell, was in charge of the meeting and Mrs. Brown was elected Chairman, with Mrs. Charles Downey vice chairman for the new unit. Mrs. Brown then took over the meeting and Mrs. Thela Roe was elected secretary, Mrs. Rose Wufley, major leader, and Mrs. Helen Anderson and Mrs. H. Demonbrum minor leaders. Miss Edith Chapin, health chairman, Miss Margaret Kinnison recreation and music chairman. These officers will serve for the balance of this year.

Meeting night for the new unit was chosen as the 2nd Thursday in each month. The group voted to attend the meeting August 15 at the Methodist church at which time the original night unit of the Bureau will be hosts to the two 4-H clubs for which it serves as sponsor.

The 4-H club girls with their mothers will be guests and put on a style show of clothes made during this summer for their Achievement Day held recently at Carrollton.

The first regular meeting of the newly formed unit will be held in September at the home of Mrs. Francis Anderson with Mrs. Cleo Applegate and Mrs. H. Demonbrum also serving as hostesses.

Nickel silver is used for architectural hardware and decorative fixtures because of its resistance to atmospheric corrosion and its ease of cleaning.

X-4 TAKES TO THE AIR—This is the first flight picture of the Northrop X-4 as it streaks across the California desert near Muroc in a flight test. The X-4 will continue research in faster-than-sound speed. One of the smallest planes ever built for the Air Force, it has only a 23-foot wingspan. The craft is patterned after flying wing bombers.

**WHITE HALL**

White Hall—Mr. and Mrs. Robert Johnston and children, who have been visiting his parents, Rev. and Mrs. Elmer C. Johnston left for their home in Detroit. Enroute they will visit Mrs. Johnston's mother Mrs. Ethel Amy of St. Charles.

Mr. and Mrs. Harlan Nichols and family of Wood River and Mr. and Mrs. William Frazier and daughter, Nancy, were week-end guests of Mr. and Mrs. William Nichols and family.

Mr. and Mrs. Dan Behringer and children of Chicago have moved to the home of Mr. and Mrs. Peter White. The Behringers have purchased a farm east of Carrollton and expect to erect a new home there. They will continue to make their home with the Whites until their new home is completed.

Mr. and Mrs. Otto Lyman and Son, Boris, attended the fish fry and home coming at St. Jacobs, Sunday. Mrs. Lyman, a former resident of St. Jacobs, visited her parents, Mr. and Mrs. Charles Greenburg. The crowd at the homecoming was estimated 15,000. A parade of 30 floats was held.

Miss Patty Baldwin of Perry is visiting in the home of Mr. and Mrs. J. W. Baldwin.

Mr. and Mrs. Thomas Printy, Jr., accompanied by his mother, Mrs. Thomas Printy, Sr., are spending a vacation in Summerskade, Ky.

Miss Elaine Hayes is visiting her uncle and aunt, Mr. and Mrs. J. R. Hunnicutt in Hillview.

Virginia 4-H Fair  
Will Have Parade

Virginia—One of the events highlighting this year's 4-H fair will be the parade on Saturday morning, August 27, sponsored by the local Jay Cees.

Letters have been mailed to various 4-H clubs and organizations in the county and business houses have been contacted to furnish floats for this gala event of the year. Anyone wishing to enter a float in this parade is urged to contact James Frisch or a local Jay Cee. Prizes will be awarded for the most outstanding entries.

The parade will start at the Petefish Skiles Bank and proceed around the square where entries will be judges.

NEVER TOO YOUNG—Although Israel is little more than a year old, the new nation is already being visited by a dock workers' strike in Tel Aviv. Here, longshoremen cool off during a demonstration and enjoy ice cream cones. The strike was called by the left-wing Mapam and Communist Parties to protest the government's strict austerity plan.

## WHITE HALL

White Hall — Mrs. Bess Lemon, mother of Raymond Hembree, accompanied by her niece and nephew, Bill and Jill DeVries all of Petersburg, Ind., have returned to their homes after a visit here in the Hembree home. Marla Hembree accompanied her grandmother home for an extended visit.

PROKOFIEV WRITES NEW BALLET

Moscow —(AP)—Sergei Prokofiev has written the music for a new Soviet ballet. Called the "Stone Flower," it will be presented along with 11 other productions in the new repertoire of the Bolshoi and the Filiale theaters in Moscow.

This will be the first new musical production of Prokofiev's since he was criticized last year for his effort to write the music for an opera, "The Tale of a Real Person."

Prokofiev — at the time — admitted the correctness of the criticism and announced he would try to correct his formalistic faults. Apparently he has.

SOLVE YOUR GRAIN  
STORAGE PROBLEMS NOW!

Storage both on and off farms is inadequate to handle grain production and carry-over. Don't wait until the last minute to size up your GRAIN STORAGE PROBLEM. Come in to the Crawford Lumber Co. and let us supply you now with plans, estimates and materials for storage buildings. Stop in this week.

## GRAIN STORAGE LOANS

The Commodity Credit Corporation will guarantee loans made by local lending agencies to producers for the construction of additional storage facilities on farms or nearby locations. The storage loan program is made available to help farmers increase their storage capacity and to assure storage space for crops produced in 1949 and subsequent years.

## QUESTIONS?

1. Who is eligible for a loan?
2. Are tenants eligible?
3. How does a producer file an application?
4. What information does producer need to complete an application?
5. How large a loan can be obtained under this program?
6. What interest rate will be charged?
7. For how long a period may the loan be made?

We have the answers to these and many other of your questions.

**THE DOCTOR SAYS****DDT Can Now Help In Fight Against Yellow Fever**By Edwin P. Jordan, M. D.  
Written For NEA Service.

North America has suffered repeatedly in the past from yellow fever (also called yellow jack) which was brought in from the West Indies by ships.

Between 1688 and 1821 there were about 20 epidemics in Philadelphia, 25 in New York, eight in Boston and seven in Baltimore. In 1793 an epidemic in Philadelphia took 4044 lives and 3900 more in 1803. In 1803 there was an epidemic in New York with 608 deaths.

In recent years yellow fever has apparently existed only in South America, Africa and Panama east of the Canal Zone. This terrible disease has been cast out of our continent because it was learned that it is carried by a mosquito. Dr. Carlos Finlay, a Cuban, in 1881 was the first to announce the theory that the mosquito spread yellow fever.

By 1900 the Yellow Fever Commission of the U. S. Army had clinched the case against the mosquito now known as Stegomyia fasciata. This commission was composed of Drs. Walter Reed, Carroll, Agramonte and Lazear.

Direct Connection  
Their studies showed the direct connection between the bite of this mosquito when infected and the development of yellow fever in the person bitten. In the course of their studies, in which they allowed themselves to be bitten, Lazear lost his life from the disease and Carroll suffered a severe attack.

Screening of living quarters and active measures to destroy all mosquito breeding places were begun. In less than a year a sanitary specialist, named Gorgas, was able to rid Havana of yellow fever.

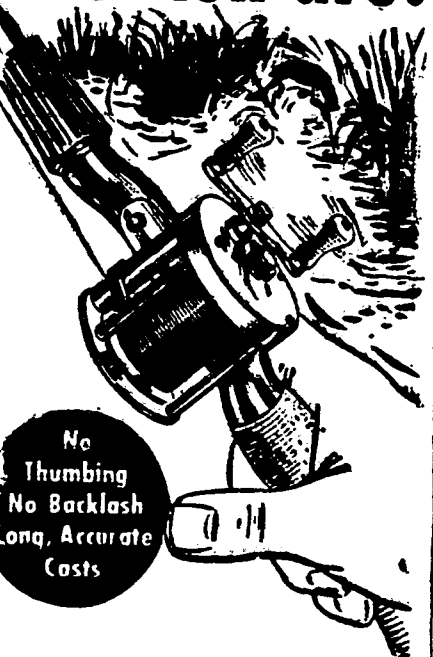

Now DDT and other insect killers can be used to aid in the battle against the disease in South America and other areas still in danger.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

THE DOCTOR ANSWERS  
By Edwin P. Jordan, M. D.  
QUESTION: Is a lump in the groin which gets larger and smaller a rupture? Could it be cancer?

ANSWER: It is extremely unlikely to be cancer if it changes in size. It is impossible to tell from the description whether it is a rupture. It could be a lymph gland, since there are many lymph glands in the groin area.

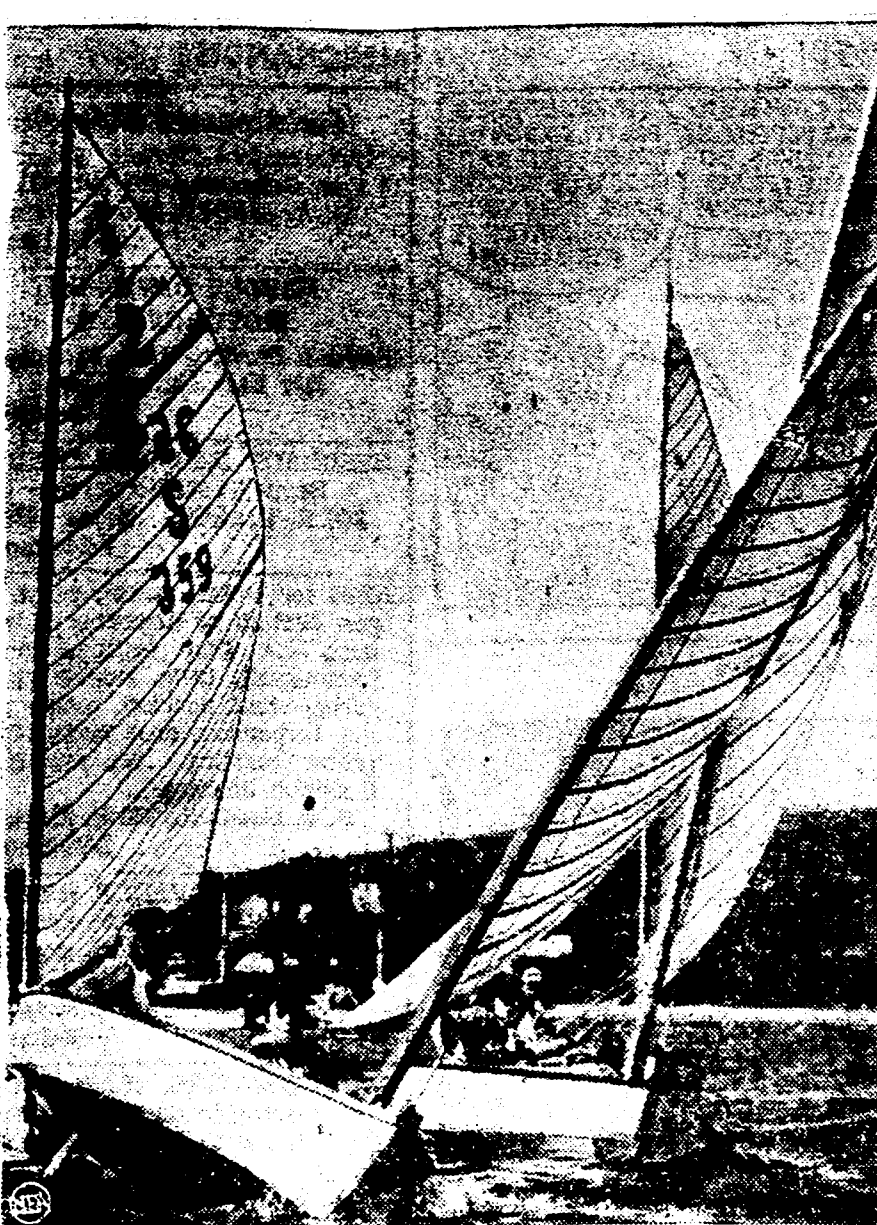

Lumber that resists fire, rot and insects, now can be made by filling wood with chemicals.

SOLDIER DISGUISE

IS NOW REAL

Williams Air Force Base, Ariz.—(P)

—An escapee from a Nazi labor

battalion who disguised himself as

an American soldier to get to the

United States is now a second lieut-

enant in the U. S. Air Force. The

young man is Boris Kubelka, late

of Czechoslovakia.

He received his gold bars and

silver wings as a jet fighter pilot.

When the Germans invaded

Czechoslovakia they permitted Kub-

elka to continue his medical studies

at the University of Prague until

1942. Then he was sent to a munici-

pal factory near Berlin. Three

years later he escaped and made his

way to Paris. He tried to enlist in

the United States army but was

turned down. He went to Le Harve,

embarked on a U. S. troop trans-

port.

Kubelka cleared himself with the

U. S. immigration and army authori-

ties by reporting to Ellis Island. A

short time later he was released and

on Dec. 18, 1945, was sworn in as a

private in the U. S. Air Force. A

year later he was promoted to cor-

poral, and received his U. S. citi-

zenship papers. At the Morrison

Air Force Base in Florida he was

promoted to sergeant. His applica-

tion for pilot training was accepted.

*Certified QUALITY SERVICE*

We aim to take CARE of our own...

... the way any proud parent does. And we see to it that our service is one of the extra satisfactions of owning a beautiful Chrysler. We train good men to put as much pride and craftsmanship into servicing your car as the builders put into building it. We use only factory engineered and inspected replacement parts, that are identified by the trade name MOPAR. After all, as we see it, it's our business to keep your Chrysler as sweet-running, exciting and wonderful as on the day you bought it.
